

Nomination for the position of ERME Board Member (formally Executive Committee)

The Candidate is proposed to be elected as: (Mark exactly one)

ERME President

Regional Representative South Western Europe (Portugal, Spain, France, Italy, Malta)
or for *Non-regional Representative* if not elected for Regional Representative

Only for *Non-regional Representative* (all countries of Europe)

YERME Representative NB: you confirm by your submission that the Candidate has not completed a PhD-degree before Feb. 1, 2022

	Name	Country	Affiliation and email address
Candidate	Frode Rønning	Norway	Norwegian University of Science and Technology frode.ronning@ntnu.no
Proposer	Susanne Prediger	Germany	TU Dortmund University prediger@math.tu-dortmund.de
Seconder	Viviane Durand-Guerrier	France	University of Montpellier viviane.durand-guerrier@umontpellier.fr
Statement	<p>Frode Rønning is professor of Mathematics and Mathematics Education at the Department of Mathematical Sciences, Norwegian University of Science and Technology. He holds a PhD in Complex Analysis.</p> <p>He has participated in every CERME since 2009 and has been in the leadership of TWG09 several times. He has been on the IPC for all the ETCs that have been held connected to TWG09 (2018, 2020, 2022 and 2024), as well as on the IPC for the last INDRUM. He was elected to the ERME Board in 2021 where he has served as vice-president. Outside of ERME, He was on the IPC for ICME14 and led the ERME session at ICME15.</p>		

Nomination Form must be submitted **until December 20th, 2024**, by email to the President and Secretary of the board (addresses, see: <http://erme.site/erme-board/>).

The person who submits the candidacy confirms by doing so that the Candidate has declared to be willing to serve on the ERME Board and plans to participate in CERME14.

Candidates are strongly encouraged to plan to stay in Bolzano until 4pm on February 8th, to take part in the first Board meeting, if elected.

Nomination for the position of ERME Board Member (formally Executive Committee)

Candidate	Florian Schacht	Germany	University Duisburg-Essen (Germany) florian.schacht@uni-due.de
Proposer	Andreas Eichler	Germany	University Kassel eichler@mathematik.uni-kassel.de
Seconder	Reinhard Hochmuth	Germany	University Hannover hochmuth@idmp.uni-hannover.de
Statement	<p>Prof. Dr. Florian Schacht is a very active ERME-Member. He was a member of the IPC and was/is a co-leader of a working group at several conferences. Florian Schacht represent the big German community at ERME since he is also very active in the German community leading for example specific central commissions of the German Association for Didactics of Mathematics (GDM). As Florian Schacht is also a very serious and successful researcher he is an ideal person to connect the German and the European ERME communities in the ERME board.</p>		

Nomination Form must be submitted **until December 20th, 2024**, by email to the President and Secretary of the board (addresses, see: <http://erme.site/erme-board/>).

Candidate	Berta Barquero	Spain	Universitat de Barcelona bbarquero@ub.edu
Proposer	Susana Paula Graça Carreira	Portugal	Universidade do Algarve scarrei@ualg.pt
Seconder	Ghislaine Gueudet	France	Université Paris-Saclay ghislaine.gueudet@universite-paris-saclay.fr

Statement

I am pleased to nominate Dr. Berta Barquero, associate professor at the Universitat de Barcelona, for the position of ERME Board Member, as regional representative of South Western Europe.

Berta Barquero finished her PhD in 2009 in Mathematics Education with her research focused on the teaching of mathematical modelling at primary, secondary and university levels, as well as teacher education. She started participating in CERME conferences in 2004, at CERME4. She has actively contributed to ERME, as leader of TWG6 “Applications and Modelling” at CERME 11 and CERME 12, and as co-leader in the previous CERME 9 and CERME 10. She has been involved in the Scientific Committee of the ICATD (International Conference of the Anthropological Theory of the Didactic) conferences, since 2005.

Additionally, she has been involved in the International INDRUM network (International Network for Didactic Research in University Mathematics), serving as co-chair of the INDRUM4 held in Hannover, Germany, in October 2022; and in the Scientific Committee for the École d'Été en Didactique des Mathématiques (EEDM) in 2019. These experiences have equipped her with a nuanced understanding of the diverse perspectives within the Mathematics Education community.

Her deep understanding of ERME's mission, combined with her collaborative spirit, make her an ideal candidate for the ERME Board. With her experience, Berta Barquero has demonstrated a strong commitment to foster international cooperation. I am confident that her experience will greatly benefit ERME's ongoing development and initiatives.

Sincerely,

Susana Paula Graça Carreira

Universidade do Algarve

Nomination Form must be submitted **until December 20th, 2024**, by email to the President and Secretary of the board (addresses, see: <http://erme.site/erme-board/>).

The person who submits the candidacy confirms by doing so that the Candidate has declared to be willing to serve on the ERME Board and plans to participate in CERME14.

Candidates are strongly encouraged to plan to stay in Bolzano until 4pm on February 8th, to take part in the first Board meeting, if elected.

Nomination for the position of ERME Board Member (formally Executive Committee)

The Candidate is proposed to be elected as: (Mark exactly one)

- ERME President*

Candidate	Derya Diana Cosan	Denmark	Ph.D. student at University of Copenhagen, Department of Science Education ddc@ind.ku.dk
Proposer	Prof. Dr. Marita Friesen	Germany	Professor for Mathematics Education at University of Education Heidelberg, Germany; Director of the Heidelberg School of Education (HSE) friesen@ph-heidelberg.de
Seconder	Dr. Dorota Lembrér	Sweden	Malmö University, Sweden Dorota.lembrer@mau.se
Statement	<p>I am highly motivated to contribute to the ERME Board as a Young Researcher, particularly in the areas of organizational development and supporting initiatives for PhD students. Having actively participated in the Summer School and gained valuable experience, I am eager to play a role in preparing and enhancing these programs, ensuring they provide meaningful opportunities for both professional and personal growth for PhD students. My goal is to help facilitate the smooth operation of events while fostering a supportive, inclusive environment. Additionally, I am passionate about</p>		

	promoting online communities that encourage collaboration, engagement, and diversity among researchers from various backgrounds.

	Name	Country	Affiliation and email address
Candidate	Tim Läufer	Germany	Goethe-University Frankfurt (laeuer@math.uni-frankfurt.de)
Proposer	Dilan Şahin-Gür	Germany	TU Dortmund (Dilan.Sahin-Guer@math.tu-dortmund.de)
Seconder	Prof. Dr. Matthias Ludwig	Germany	Goethe-University Frankfurt (ludwig@math.uni-frankfurt.de)

Statement During my time as a young researcher, I attended several ERME Events, such as YESS12 (Linz), CERME13 (Budapest), and several pre-CERME events. Additionally, I have made significant efforts to bring people of (Y/C)ERME together during conferences, like via Whatsapp, regular Zoom calls with friends I made along the way, and a video contribution for the pre-CERME events. Additionally I have experience especially in social events through my role as organizer for the GRADE-Center CompuMath (GRADE = **Goethe Research Academy for Early Career Researchers**). CompuMath is a center in this research academy for fostering and training doctoral students and postdocs at Goethe University for Mathematics & Computer Science; <https://www.grade.goethe-university-frankfurt.de/78279212/Events>), where we hold yearly retreats and bi-monthly events like Lunches and Writing Nights. Through all the time I am very glad to be welcomed into the community, and as a YERME representative I have even more possibilities to bring in my energy to help foster new researchers in the same community that welcomed me.

Nomination Form must be submitted **until December 20th, 2024**, by email to the President and Secretary of the board (addresses, see: <http://erme.site/erme-board/>).

The person who submits the candidacy confirms by doing so that the Candidate has declared to be willing to serve on the ERME Board and plans to participate in CERME14.
